## The good news!

In Year 5 this term we have continued to learn about Space. We have learnt about the Space Race between USSR and USA, the successful Moon Landings from Apollo 11, the Solar System, gravity and phases on the moon...amongst other things! A very busy Autumn!!

In English we have started an exciting new topic: Macbeth by William Shakespeare. During these lessons we have been acting out scenes from Macbeth getting into the roles of characters, this has allowed us to understand how Macbeth felt.

In PHSE we have talked about taking risks and if they are worth taking—as well as this we have spoken about issues like racism and have been discussing that everyone is equal.

Thank you for attending your child's Parent Curriculum workshop and well done if you won the £20 voucher!

We hope you are using the resources at home successfully.

The next workshops will be advertised soon! Watch this space.

Thank you!

### How you can help at home:

Visit the local Library to borrow books all about Space, or use the computers and printers for free!
