

10th March 2017

Dear Parents/Carers

At last, it feels as though Spring is almost here as the mornings and evenings are getting lighter. As the weather is improving, why don't you use this as an ideal time to walk to school? If you really can't walk all the way to school, why don't you park a few streets away and walk from there? If you have to bring your car, please respect our neighbours and do not block their driveways. May I also remind you that you are not allowed to park on the yellow zig-zag lines outside the school gates and neither should you drive into the school car park as you are putting the lives of our children at risk.

Many thanks for your continued support.

Coral Campion– Headteacher

World Book Day

On Thursday 2nd March both children and staff have come into school dressed up as their favourite book character. Children were all involved in fun activities throughout the day.

We have raised a massive £395.30 for Book Aid International, which helps children in Africa!

Clean hands stop germs

Taking care of our hands and keeping them clean is very important. It is considered as one of the best ways to prevent infection and spread of germs. Here are a few tips to help keep hands clean:

- ◆ Washing hands; after you have used the toilet; coughing or sneezing; playing outside or touching pets.
- ◆ Wash hands with lukewarm water and soap, remember to wash between fingers and under nails.
- ◆ Pat hands dry with a dry clean towel, remember to dry between fingers too.
- ◆ Keep nails short and trim to prevent dirt or germs away.

Remember clean hands stops germs!
